Designer User's Guide

File size limitations

2/5/2026

Contents

This page provides information about the maximum permitted file sizes for resources being uploaded or imported/exported from Designer. These limitations help to ensure that your operations continue to run efficiently with minimal interruption.

Related documentation:
-

Uploads

The maximum permitted file size for an Audio or Grammar resource is 10 MB.

Imports

Imported Applications or Shared Modules can be no larger than 10 MB. The maximum permitted file size for an imported Audio Collection is 15 MB.

Exports

The maximum file size of an Application or Shared Module that can be exported from Designer is 150 MB (with audio) or 50 MB (without audio). An exported Audio Collection can be no larger than 100 MB.
