Designer User's Guide

Milestone Block

Contents

- 1 Using this Block
 - 1.1 Survey

• Administrator

This block enables you to mark key moments while the application is running.

Related documentation:

You can add the **Milestone** block to **Self Service** or **Assisted Service** phases to mark key moments while the application is running.

Using this Block

Important

VAR action IDs are stripped of spaces and pipe characters (|). This includes implicit actions that are generated when a caller enters a shared module.

Enter the name of the milestone in the **Milestone** field. Optionally, if this block is used in the **Self Service** phase, you can enable the **use variable** check box to use a variable for the milestone name.

In the **Milestone Type** menu, select **Default**. Only select **Survey** if this **Milestone** block will be used in a survey application (see the Survey section below for more information).

Optionally, enter additional information by clicking **Advanced Options** or **Add Pair**.

Properties - Milestone - Application Started

This block is used to record a milestone in report.

Milestone			
AppStarted			
use variable			
Milestone Type			
Default			•
Milestone Path: AppStarted Advanced Options >>			
String values must be surrounded by single quotes.			
+ Add Pair			
Кеу	Variable?	Value	Actions

Important

When entering the payload **Key**, do not use single or double quotes.

Survey

The **Survey** type is reserved for survey applications.

Once you select **Survey**, the **Survey Milestone Properties** section appears. Configure the following:

- **Survey Question** Select the variable that stored the survey question.
- **Corresponding Answer** Select the variable that stored the survey answer.

Properties - Q1 - Report

This block is used to record a milestone in reports including surveys.

Important

You can disable the check boxes if you would prefer to not use a variable for **Survey Question** and **Corresponding Answer**. However, Genesys recommends that you use variables for consistency and ease of use.
