Related tab in the Email interaction view

The **Related** tab is part of the interaction view. It might not be available in all environments.

The **Related** tab enables you to access all the interactions that are related to a single conversation. Sometimes multiple email interactions are created in the handling of a single case. Multiple individuals, both within and outside your organization, might also contribute to a single conversation.

The **Related** tab displays all the email interactions that are related to the current email interaction. Related interactions display as cards that contain information about each related interaction, including business attributes. Next to the title of the tab, the number of related interactions is specified in brackets. If there are 10 or more related interactions, the number 9+ is displayed.

The **Related** tab includes three main components:

1. A sortable card view

2. The Details, Note, and Case Data view
3. Quick Search

Sortable card view

The **Related interactions list view** contains a sortable list of interaction "cards". Each card contains information about the type and status of the interaction. Each card also includes the subject, date and time, origin, tags, and who last processed it.

The currently active interaction is displayed in bold text in the interaction card that represents it.

Interaction Status	Subject	Date	Origin	Last Processed By
In Progress	Re: Warranty repair	1/10/2022 5:20:38 PM	From: Vanessa Wang	2211 FRAM BRONZE
Done	Re: Warranty repair	1/10/2022 5:17:37 PM to 1/10/2022 5:18:56 PM	From: Vanessa Wang	2211 FRAM BRONZE
Done	Re: Warranty repair	1/10/2022 5:09:58 PM to 1/10/2022 5:11:59 PM	To: Vanessa Wang	2211 FRAM BRONZE
Done	Warranty repair	1/10/2022 5:01:31 PM to 1/10/2022 5:11:33 PM	From: Vanessa Wang	2211 FRAM BRONZE

To select an interaction, click the **Select this interaction** check box next to the interaction. Buttons for available actions for the selected interaction are enabled.

To select all interactions, click the **Select all** check box. Buttons for available actions for the selected interaction are enabled.

To open the selected interaction for editing or handling, click **Open** (). Your account might be set up to enable you to open multiple interactions simultaneously.

To delete the selected interaction, click **Delete** (). Your account might be set up to enable you to delete multiple interactions simultaneously.

To mark the selected in-progress interaction as **Done**, click **Mark Done** (). You might have to select a disposition code before you can mark an interaction as **Done**.

To Print the selected email interaction, click **Print** ().

To select one of the available interaction attributes, such as **StartDate**, **ProcessedBy**, click the **Sort by attributes** menu or other standard and custom attributes. Your contact center administrator determines the list of available sort attributes.

The sort order buttons display the current sort order, either ascending order () or descending order (). To change to the opposite sort order, click the button.

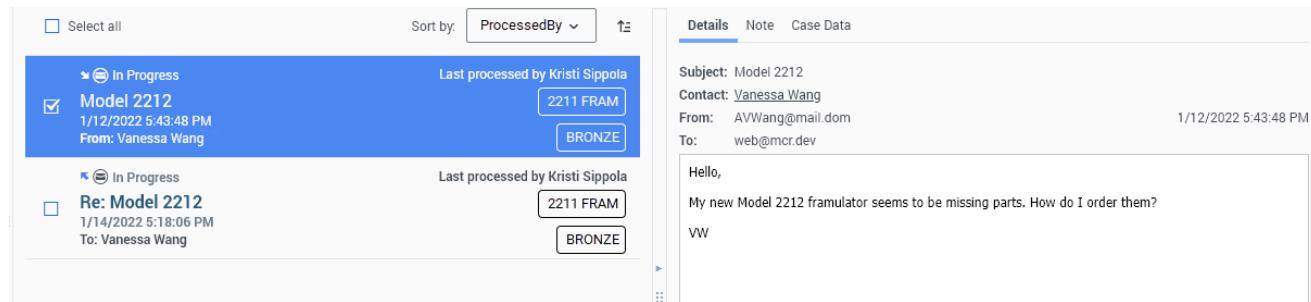

To ensure that you are viewing the latest changes to the related interactions, click **Refresh** ().

Details, Note, and Case Data view

The Related interactions details panel includes the **Details**, **Note**, and **Case Data** tabs for the highlighted interaction in the Related interactions list view.

Details

The **Details** tab displays the content of the original interaction, along with detailed information including subject, contact name, from, to, and the date. To open the **Contact Directory** tab and search for the contact, click the contact name in the **Details** tab.

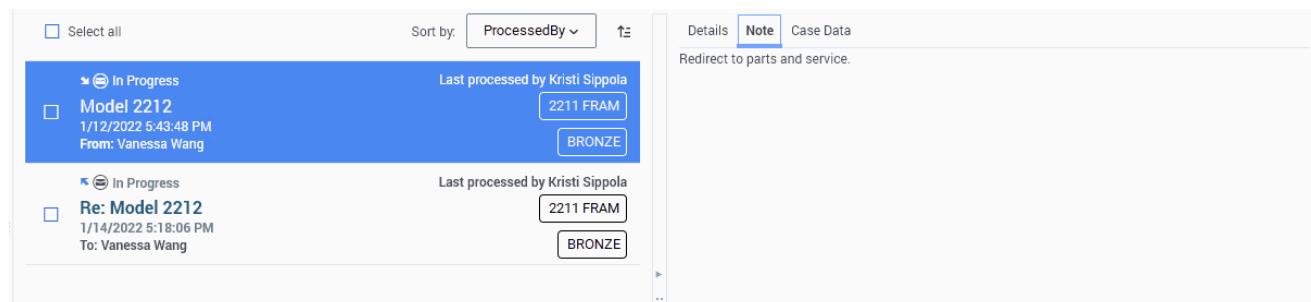

The screenshot shows the Details tab of a related interactions view. On the left, a list of interactions is displayed with checkboxes. The first interaction, 'Model 2212' (checked), is highlighted. On the right, detailed information for this interaction is shown, including the subject, contact, and message content.

Interaction	Details
Model 2212 1/12/2022 5:43:48 PM From: Vanessa Wang	Subject: Model 2212 Contact: Vanessa Wang From: AVWang@mail.dom To: web@mcr.dev Last processed by Kristi Sippola 2211 FRAM BRONZE Hello, My new Model 2212 framulator seems to be missing parts. How do I order them? VW
Re: Model 2212 1/14/2022 5:18:06 PM To: Vanessa Wang	Last processed by Kristi Sippola 2211 FRAM BRONZE

Note

The **Note** tab displays any Note content added to the original interaction. You might have to refresh the view to see updates to this tab.

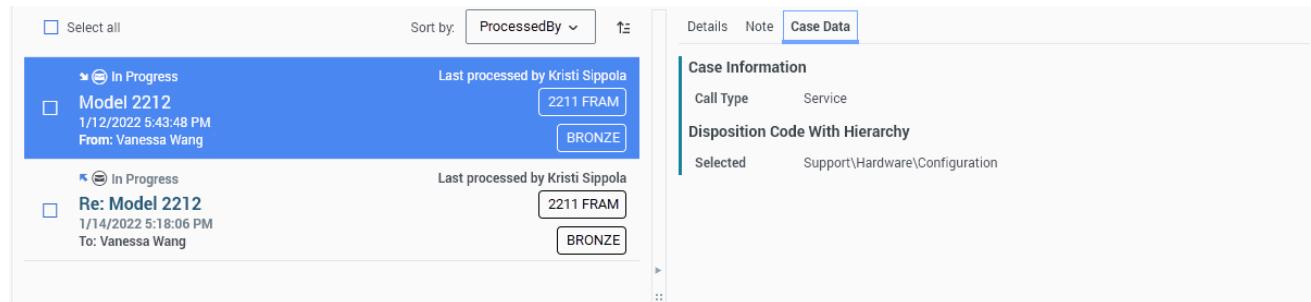

The screenshot shows the Note tab of the related interactions view. The note content is displayed as a single message from Vanessa Wang.

Note Content
Redirect to parts and service.

Case Data

The **Case Data** tab displays the case information of the original interaction. You might have to refresh the view to see updates to this tab.

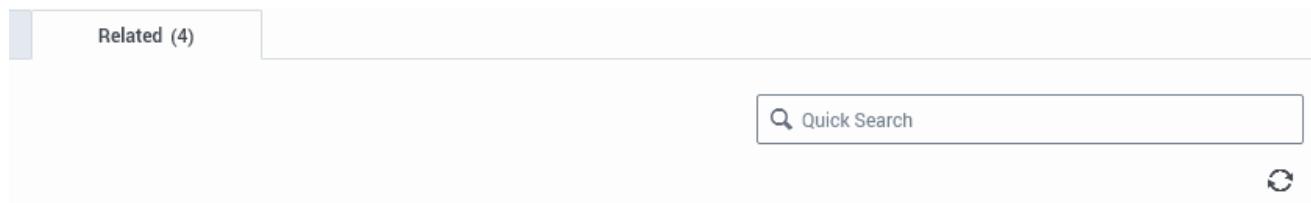

The screenshot shows the Case Data tab selected in the top navigation bar. Below the tab, there are two interactions listed:

- Model 2212**
1/12/2022 5:43:48 PM
From: Vanessa Wang
- Re: Model 2212**
1/14/2022 5:18:06 PM
To: Vanessa Wang

Each interaction row includes a checkbox, a status icon (In Progress), the interaction ID (2211 FRAM), and a disposition code (BRONZE). The right side of the screen displays sections for Case Information (Call Type: Service) and Disposition Code With Hierarchy (Selected: Support\Hardware\Configuration).

Quick Search

Use the **Quick Search** feature to search for specific text or other interaction attributes within the related interactions.

The screenshot shows the Quick Search feature. A search bar at the top right contains the placeholder text "Quick Search". To the left of the search bar, a button labeled "Related (4)" is visible. A circular refresh icon is located in the bottom right corner of the search area.

For more information about how Quick Search works in Agent Workspace, refer to [Using Quick Search](#).
