Trending Filter tooltip description

- Administrator

The bubble chart that appears after you run the Trending Filter includes a variety of information that enables you to better understand the changes and distribution of terms and phrases within a selected interaction set.

Related documentation:

-
-

Significant information about a specific term/phrase and additional options are available in the term/phrase tool tip. From the tool tip you can:

- View the chart data numerically.
- Hide the term/phrase from the chart data.
- Add the term/phrase to the Blacklist.
- Create an interaction search.
- Discover the terms/phrases that are related to the selected term/phrase.
- The following image is an example of the Trending chart tooltip. For details about the tool tip refer to the list below.

Important

The chart statistics include the hidden term/phrase. Also, refreshing the entire Trending page shows all the hidden terms/phrases.

- **Add to Blacklist:** Adds the specific term/phrase to the global blacklist for all users, views and languages. For additional information, refer to Manage the Blacklist.
