## Prompts for the Self-Service Statistics Report

Prompt	Description
Pre-set Date Filter	From the list, choose a time period on which to report, and move it to the Selected list.
Start Date	Choose the first day from which to gather data into the report.
End Date	Choose the last day from which to gather data into

---

Prompt	Description
	the report.
Application	Choose the applications on which to report. By default, the report includes all applications; if you add any applications to the <b>Selected</b> list, then only those applications are included.

## Attributes used in the Self-Service Statistics Report

Attribute	Description
Application Name	This attribute enables data within the reporting interval to be organized by the name of the self-service and/or assisted-service Designer application.
Day	This attribute enables data within the reporting interval to be organized by a particular day.

## Metrics used in the Self-Service Statistics Report

Metric	Description
Entered in Self- Service	The total number of interactions that entered the Designer application in Self-Service.
Contained in Self- Service	The total number of interactions that entered the Designer application in Self-Service and were concluded without entering Assisted-Service.
Entered in Assisted Service	The total number of interactions that entered the Designer application in Assisted-Service.
Abandoned in Queue	The total number of interactions that entered the Self-Service phase of the Designer application, requested Assisted-Service, and were subsequently abandoned while waiting in queue.
Routed to DN	The total number of interactions that entered the Self-Service phase of the Designer application and were later routed to a DN.
Routed to Agent	The total number of interactions that entered the Self-Service phase of the Designer application and were later routed to an agent.

To view more detailed information about the metrics and attributes in this report, and other metrics and attributes that can be used to customize reports, see the [Genesys CX Insights Projects Reference Guide](#).
