Prompts for the Self-Service Statistics Report

| Prompt | Description |
|---------------------|---|
| Pre-set Date Filter | From the list, choose a time period on which to report, and move it to the Selected list. |
| Start Date | Choose the first day from which to gather data into the report. |
| End Date | Choose the last day from which to gather data into |

| Prompt | Description |
|-------------|---|
| | the report. |
| Application | Choose the applications on which to report. By default, the report includes all applications; if you add any applications to the Selected list, then only those applications are included. |

Attributes used in the Self-Service Statistics Report

| Attribute | Description |
|------------------|---|
| Application Name | This attribute enables data within the reporting interval to be organized by the name of the self-service and/or assisted-service Designer application. |
| Day | This attribute enables data within the reporting interval to be organized by a particular day. |

Metrics used in the Self-Service Statistics Report

| Metric | Description |
|-----------------------------|---|
| Entered in Self- Service | The total number of interactions that entered the Designer application in Self-Service. |
| Contained in Self- Service | The total number of interactions that entered the Designer application in Self-Service and were concluded without entering Assisted-Service. |
| Entered in Assisted Service | The total number of interactions that entered the Designer application in Assisted-Service. |
| Abandoned in Queue | The total number of interactions that entered the Self-Service phase of the Designer application, requested Assisted-Service, and were subsequently abandoned while waiting in queue. |
| Routed to DN | The total number of interactions that entered the Self-Service phase of the Designer application and were later routed to a DN. |
| Routed to Agent | The total number of interactions that entered the Self-Service phase of the Designer application and were later routed to an agent. |

To view more detailed information about the metrics and attributes in this report, and other metrics and attributes that can be used to customize reports, see the [Genesys CX Insights Projects Reference Guide](#).
