## Prompts in the Customer Segment Service Level Report

Prompt	Description
Pre-set Date Filter	Choose from the convenient list of predefined rolling time ranges, spanning one day or more, over which to run the report.
Start Date	Choose the first day and time from which to gather report data.
End Date	Choose the last day and time from which to gather report data.
Department	Optionally, select a department on which to focus the report.
Process	Optionally, select a business process on which to focus the report.
Customer Segment	Optionally, select a Customer Segment on which to focus the report.
Media Type	Optionally, select one or more media types for which to gather data into the report.
Category Level 3	Optionally, select one or more Category Level 3 from which to gather data for the report.
Category Level 4	Optionally, select one or more Category Level 4 from which to gather data for the report.
Category Level 5	Optionally, select one or more Category Level 5 from which to gather data for the report.

## Attributes in the Customer Segment Service Level Report

Attribute	Description
Department	Enables data to be organized by the name of the department for which iWD prioritizes and routes tasks.
Process	Enables data to be organized by the name of the business process, which is a core attribute of tasks and work items that define strategies for how to route them.
Media Type	Enables data to be organized by media type.

Attribute	Description
Customer Segment	Enables data to be organized by the customer segment, which is an extended attribute of a task or work item that is assigned by the source system.
Product	Enables data to be organized by the type of product.
Day	Enables data within the reporting interval to be organized by a particular day within a month and year. Day values are presented in YYYY-MM-DD format.
Category Level 3	Enables data to be organized by the 3rd category level.
Category Level 4	Enables data to be organized by the 4th category level.
Category Level 5	Enables data to be organized by the 5th category level.

## Metrics in the Customer Segment Service Level Report

Metric	Description
Finished	The total number of tasks of this classification that were finished (canceled and completed) during the reporting interval.
% Finished	The percentage of tasks of this classification that were finished during the reporting interval.
Completed	The total number of tasks of this classification that were completed during the reporting interval.
Canceled	The total number of tasks of this classification that were canceled during the reporting interval.
Canceled Autocompleted	The total number of tasks of this classification that were automatically canceled during the reporting interval.
% Canceled Autocompleted	The percentage of automatically canceled tasks of the total number of tasks that have been finished.

## Custom metrics

Metric	Description
Canceled NON Autocompleted	The total number of canceled tasks in this classification that were not automatically canceled during the reporting period.
Completed Agent	The total number of tasks that were completed during the reporting interval and in which one or more agents were involved.
Completed NON Agent	The total number of tasks of this classification that

---

Metric	Description
	were completed during the reporting interval for tasks where no agents were involved (via API, designer, etc.).
Finished Agent	The total number of tasks of this classification that were finished (completed or canceled) during the reporting interval for tasks where an agent was involved.
