Use availability patterns to indicate your preferred shifts for a single week or multiple weeks.

Related documentation:

-

[Link to video](#)

Your availability patterns can specify different start and end times for each day, but once you create the *pattern* you can reuse it multiple times. Availability patterns are displayed in the **Preferences > Availability Patterns** view.

Tip

When adding or editing preferences, you can select your preferred time zone. When you create availability preferences, the time zone you chose is applied to the start and end times that are specified in availability patterns. The start and end time values in the pattern itself will be in the chosen time zone and do not change if the time zone changes.

Use the **Availability Patterns** view to:

- Create, edit, or delete an availability pattern.
- Create an availability preference based on an availability pattern.

Creating availability patterns

The screenshot shows a 'Create Pattern' dialog box with a close button (X) in the top right corner. It features a 'Description' text area at the top, followed by a table for defining availability patterns by day of the week. Each row includes a 'Start time' field, an 'End time' field, and a 'Next day' checkbox. All fields are currently set to '12:00 AM'. Annotations with arrows point to the 'Description' field and the 'Start time' and 'End time' fields. At the bottom, there are 'Cancel' and 'Save' buttons, with a note about adding preferred times and checking 'Next Day' as necessary.

Create Pattern

Enter a name for this pattern or other descriptive information.

Description

	Start time	End time	
Sunday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Monday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Tuesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Wednesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Thursday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Friday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Saturday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day

Add preferred start and end times, checking "Next Day", as necessary.

Cancel Save

To create a new availability pattern:

1. In the Availability Patterns view, click **New**.
The Create Pattern dialog box opens.
2. In the **Description** field, enter a name for the pattern.

-
3. Enter the **Start time** and **End time** (in hours and minutes) for each day of the week.
Start and end times are displayed in 12- or 24-hour format, depending on your computer's regional settings.
You cannot leave start and end times blank.
 4. Select **Next Day** for any end times that run into the next day.
 5. Click **Save** (or **Cancel** to discard the changes and close the dialog box).

Editing patterns

Availability Patterns

	Description	
<input type="checkbox"/>	AP01: Short Sunday	
	Sunday 08:00 AM – 04:00 PM	Monday 12:00 AM – +12:00 AM

Click "Edit" in the pattern you want to use.

Edit Pattern

Description

AP01: Short Sunday

Start time **End time**

Sunday	08:00 AM	04:00 PM	<input type="checkbox"/> Next day
Monday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Tuesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Wednesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Thursday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Friday	12:00 AM	12:00 AM	<input type="checkbox"/> Next day
Saturday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day

1

2 Add a description.

3 Make the changes in the start/end time fields

To edit an existing availability pattern:

-
1. Click **Edit**  beside the Availability Pattern you want to edit.
The Edit Pattern dialog box opens.
 2. In the **Description** field, add a brief description for this pattern.
 3. Change the start times and end times, selecting **Next Day**, if applicable.
 4. Click **Save** (or **Cancel** to discard the changes and close the dialog box).

Deleting patterns

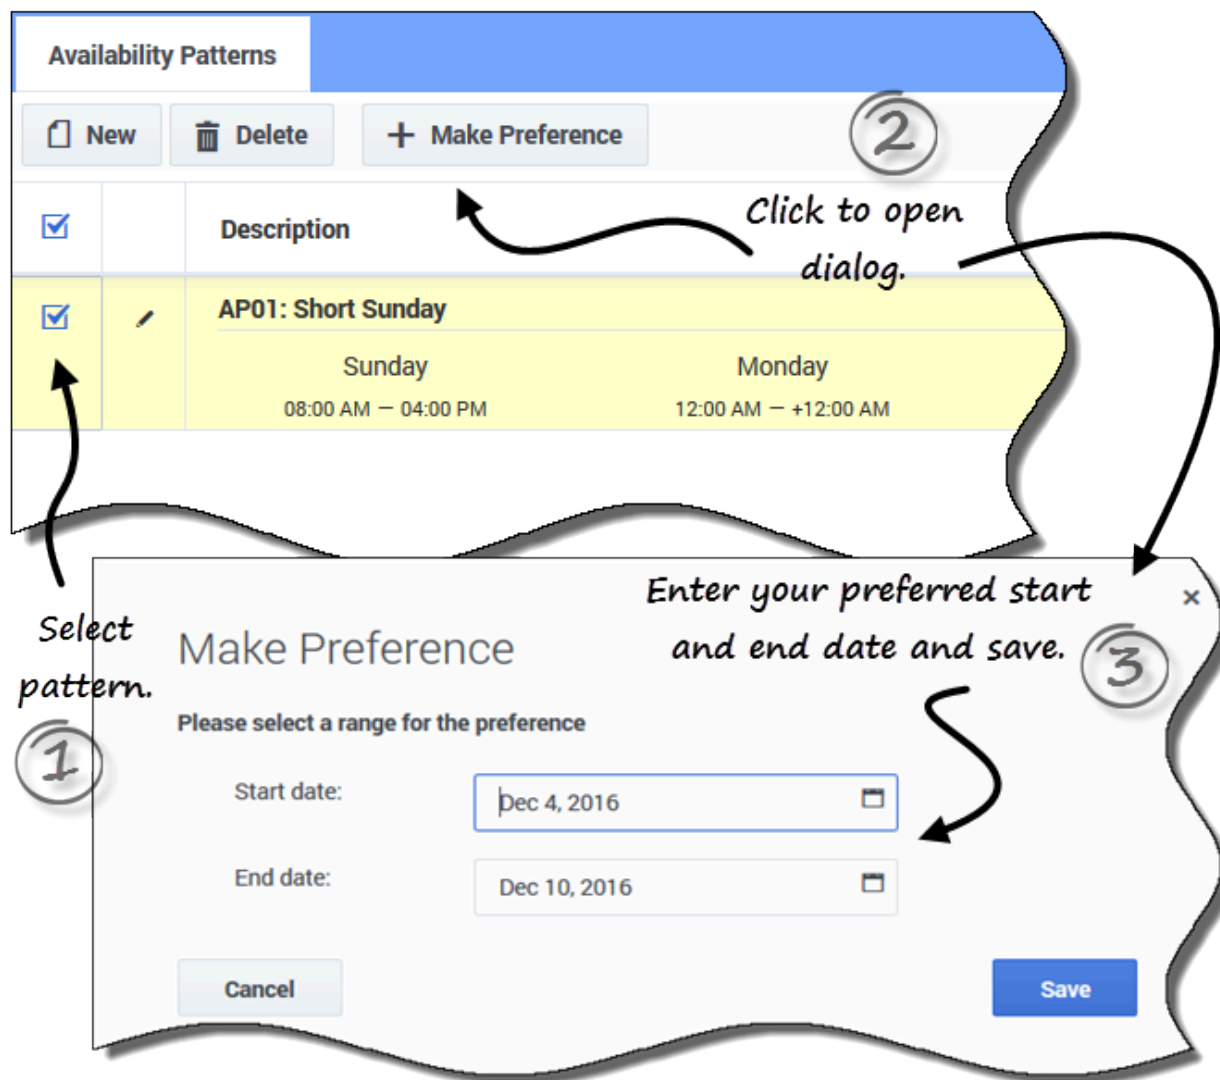

To delete an availability pattern:

1. Click the check box beside the Availability Pattern you want to delete.
2. Click **Delete**.
3. When the Confirmation dialog open, click **Yes** to delete the pattern or **No** to cancel the action.

Using patterns to make preferences

When you *make a preference* in this view you are using an existing availability pattern to add your availability preference. You can also add availability preferences for individual days. See Adding availability preferences.

To make an availability preference using an existing pattern:

1. Select the check box beside the Availability Pattern you want to use for this preference.
2. Click **Make Preference**.
The Make Preference dialog box opens.
3. In the Start date and End date fields, enter the applicable date range for your preference.
4. Click **Save** (or **Cancel** to discard the preference and close the dialog).

You can view the preferences you made using availability patterns in the Calendar or Details view. To edit or delete the preferences you made using

availability patterns, see Editing preferences or Deleting preferences.
