- Agent

Use availability patterns to indicate your preferred shifts for a single week or multiple weeks.

Related documentation:

-

[Link to video](#)

Your availability patterns can specify different start and end times for each day, but once you create the *pattern* you can reuse it multiple times. Availability patterns are displayed in the **Preferences > Availability Patterns** view.

Tip

When adding or editing preferences, you can select your preferred time zone. When you create availability preferences, the time zone you chose is applied to the start and end times that are specified in availability patterns. The start and end time values in the pattern itself will be in the chosen time zone and do not change if the time zone changes.

Use the **Availability Patterns** view to:

- Create, edit, or delete an availability pattern.
- Create an availability preference based on an availability pattern.

Creating availability patterns

The screenshot shows a 'Create Pattern' dialog box with a close button (X) in the top right corner. At the top left is the title 'Create Pattern'. Below it is a 'Description' label followed by a large empty text input field. An arrow points from the text 'Enter a name for this pattern or other descriptive information.' to this field. Below the description field is a table with columns for 'Start time' and 'End time', and a 'Next day' checkbox for each day of the week. All start and end times are currently set to '12:00 AM'. Arrows point from the text 'Add preferred start and end times, checking "Next Day", as necessary.' to the '12:00 AM' input fields for Tuesday and Wednesday. At the bottom left is a 'Cancel' button and at the bottom right is a 'Save' button.

	Start time	End time	Next day
Sunday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>
Monday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>
Tuesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>
Wednesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>
Thursday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>
Friday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>
Saturday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/>

To create a new availability pattern:

1. In the Availability Patterns view, click **New**.
The Create Pattern dialog box opens.
2. In the **Description** field, enter a name for the pattern.

-
3. Enter the **Start time** and **End time** (in hours and minutes) for each day of the week.
Start and end times are displayed in 12- or 24-hour format, depending on your computer's regional settings.
You cannot leave start and end times blank.
 4. Select **Next Day** for any end times that run into the next day.
 5. Click **Save** (or **Cancel** to discard the changes and close the dialog box).

Editing patterns

Availability Patterns

<input type="checkbox"/>	Description		
<input type="checkbox"/>	AP01: Short Sunday	Sunday 08:00 AM – 04:00 PM	Monday 12:00 AM – +12:00 AM

Click "Edit" in the pattern you want to use.

Edit Pattern

Add a description.

	Start time	End time	
Sunday	08:00 AM	04:00 PM	<input type="checkbox"/> Next day
Monday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Tuesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Wednesday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Thursday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day
Friday	12:00 AM	12:00 AM	<input type="checkbox"/> Next day
Saturday	12:00 AM	12:00 AM	<input checked="" type="checkbox"/> Next day

Make the changes in the start/end time fields

To edit an existing availability pattern:

-
1. Click **Edit**  beside the Availability Pattern you want to edit.
The Edit Pattern dialog box opens.
 2. In the **Description** field, add a brief description for this pattern.
 3. Change the start times and end times, selecting **Next Day**, if applicable.
 4. Click **Save** (or **Cancel** to discard the changes and close the dialog box).

Deleting patterns

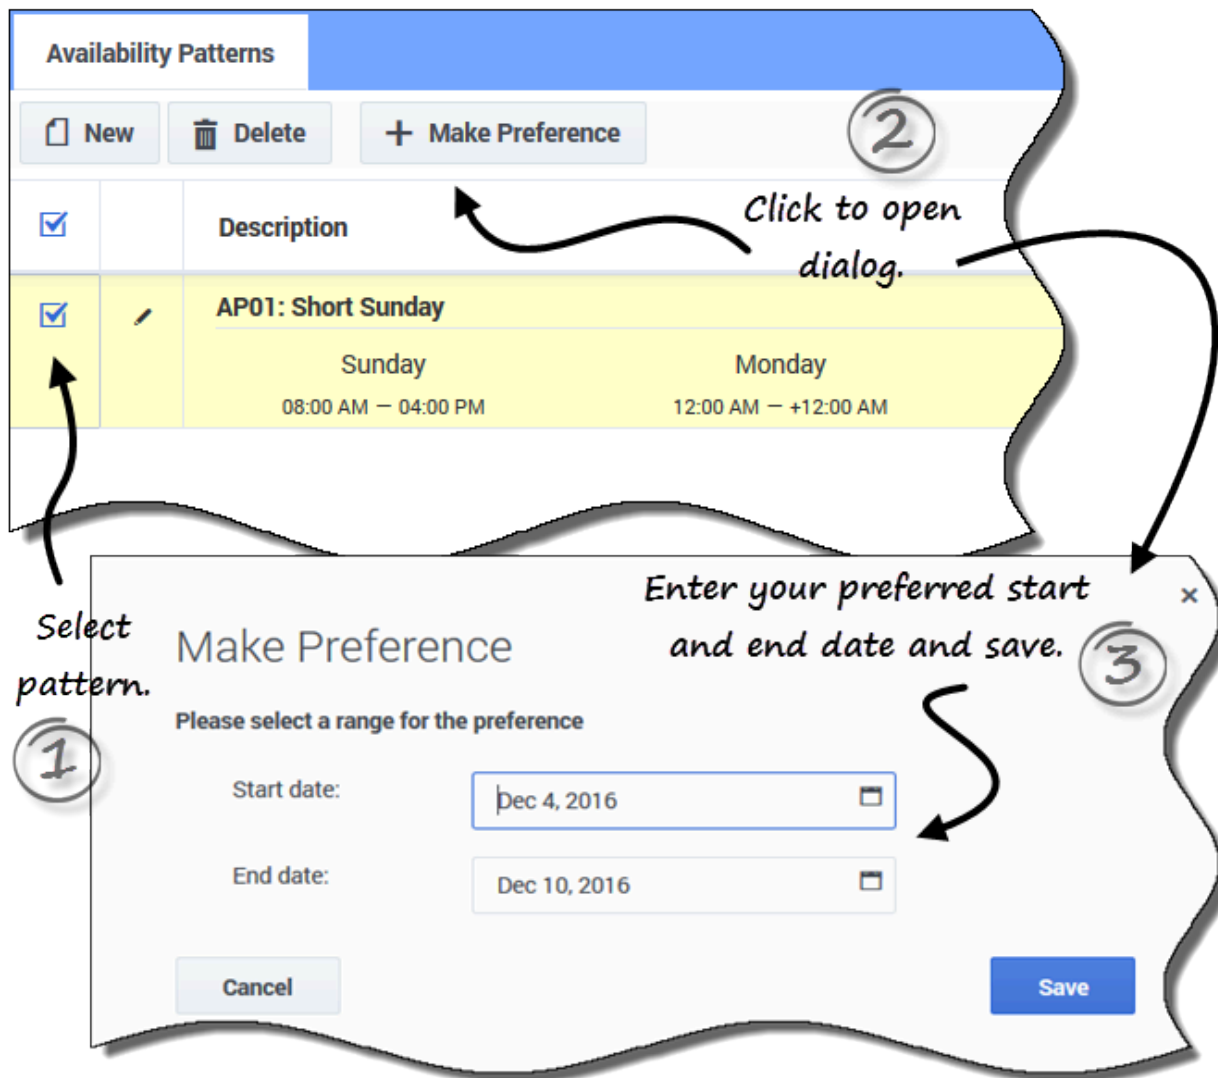

The screenshot shows the 'Availability Patterns' interface. At the top, there are buttons for 'New', 'Delete', and '+ Make Preference'. Below these is a table with columns for 'Description', 'Sunday', and 'Monday'. The first row is 'AP01: Short Sunday' with times '08:00 AM - 04:00 PM' and '12:00 AM - +12:00 AM'. A confirmation dialog box is open, asking 'You are about to delete availability pattern(s) 'AP01: Short Sunday' and this action cannot be undone. Do you want to proceed?' with 'No' and 'Yes' buttons. Handwritten annotations include: '1' pointing to the check box, '2' pointing to the 'Delete' button, and '3' pointing to the 'Yes' button. Text annotations include 'Select the pattern.', 'Click "Delete".', and 'Confirm your choice.'

To delete an availability pattern:

1. Click the check box beside the Availability Pattern you want to delete.
2. Click **Delete**.
3. When the Confirmation dialog open, click **Yes** to delete the pattern or **No** to cancel the action.

Using patterns to make preferences

When you *make a preference* in this view you are using an existing availability pattern to add your availability preference. You can also add availability preferences for individual days. See [Adding availability preferences](#).

To make an availability preference using an existing pattern:

1. Select the check box beside the Availability Pattern you want to use for this preference.
2. Click **Make Preference**.
The Make Preference dialog box opens.
3. In the Start date and End date fields, enter the applicable date range for your preference.
4. Click **Save** (or **Cancel** to discard the preference and close the dialog).

You can view the preferences you made using availability patterns in the Calendar or Details view. To edit or delete the preferences you made using

availability patterns, see Editing preferences or Deleting preferences.
