Filtering the Trades view

WFM enables you to filter trade proposals in the **Trades** view by My Trades, Offered to me, or Community proposals. WFM displays all proposals whose date range falls within the selected month. By default, it shows the current month, but you can change it by selecting a different month in the calendar.

Managing trade proposals sent by you

The screenshot shows the 'Trades' view interface. At the top, there is a blue header with the text 'No Actions display if declined by both parties.' Below the header, there are two dropdown menus: 'My Trades' (circled in red) and 'My business unit'. The main table has columns: Proposer, Responder, Status, Date, Trading date, Paid hours, and Comments/schedule. The table contains four rows of trade proposals. The second row has a status of 'Open / Accepted' and a 'Date' of '8/2/17-8/2/17'. The third row has a status of 'Declined / Declined' and a 'Date' of '8/2/17-8/2/17'. The fourth row has a status of 'Open' and a 'Date' of '8/4/17-8/4/17'. There are annotations: a red circle around the 'My Trades' dropdown, a blue arrow pointing from the 'My Trades' dropdown to the 'Status' column, and a blue circle around the 'Status' cell for the third row.

AgentF01 AgentL01		Open	8/4/17-8/4/17	8/4/17-8/4/17	08:00	from a01

Second filter is disabled when "My Trades" is selected.

Click the filter drop-down menu and select **My Trades**. WFM displays the trade proposals that you created, and proposals from other agents that you answered (offered only to you and offered to the community).

You can view your proposals and their details, accept or decline other agents' trade proposals, and cancel your proposals or responses.

The **Status** column in this view shows the state of each trade for each participant—the **Proposer**

and the **Responder**—in this format: **Open / Accepted**.

Click the anywhere in a selected row to open the Proposal Details.

Managing trade proposals offered to you

The Status shows the state of the proposal for both Proposer and Reponder.

Proposer	Responder	Status	Date	Trading date	Paid hours	Comments/schedule
AgentF01 AgentL01	AgentF05 AgentL05	Open / Accepted	8/2/17-8/2/17	8/2/17-8/2/17	08:00 / 24:00	Thanks! Let's trade.

Second filter is disabled when "Offered to me" is selected.

Click the filter drop-down menu and select **Offered to me**.

WFM displays the trade proposals that were offered to you and personal trade proposals created by you that require your confirmation.

You can view these proposals and their details, accept or decline them.

After you accept or decline a proposal, this trade is removed from the **Offered to me** proposals but remains in the **My Trades** list of proposals.

Tip

You can distinguish between community and individual proposals by the action icons available to you. Community proposals only have the **Accept** icon, whereas individual proposals have both **Accept** and **Decline**.
