## Related documentation:

- 

Use the **Master Schedule** views to display and modify **Master Schedule** data.

If your access rights include access to the **Master Schedule**, the **Master Schedule** menu displays the following **Master Schedule** views:

Master Schedule Coverage	Compares staffing coverage to forecasted (calculated and required) staffing data, and highlights overstaffed or understaffed timesteps.
Master Schedule Weekly	Displays a weekly summary table of total paid hours, working start/end times, or shift names for a site's agents.
Master Schedule Intra-Day	Displays <b>Master Schedule</b> details for a 24- or 36-hour period, enabling you to modify schedules for individual or multiple agents.  Unless you have the <b>Approve Changes</b> security permission, your changes are entered in pending mode. An approver with the <b>Approve Changes</b> security permissions must then accept or reject the changes.  You can view your pending changes in the <b>Weekly</b> , <b>Agent-Extended</b> , and <b>Intra-Day</b> views.
Master Schedule Agent-Extended	Displays and allows editing of a single agent's schedule for one week or the schedule planning period.
Master Schedule Summary	Displays service-level and related statistics for the <b>Master Schedule</b> .
Master Schedule State Group Totals	Displays coverage statistics for every timestep in a selected day.
Master Schedule Overtime Requirement	Use to enter and edit overtime requirements.
Master Schedule Changes Approval	Enables users with the appropriate security permissions to review pending schedule changes, and approve or reject them.
